## AVAILABILITY LIST

### June 18, 2017

A few days of warm temperatures and sunshine has started to make many more varieties look saleable. I have not added much of the new crop into this list as it changes quickly due to our busy shearing crew. Therefore, if you don't see something listed give us a call and we can check the status of the new crop for you.

Our Sales Yard is open and looking beautiful. The hours are 7:30-4:00 Monday-Friday. We are no longer open on Saturdays. Any variety that we do not have at least ten of is not listed on this form (unless noted) but you may find it in our sales yard.

Spring color is upon us. Some varieties that look particularly good now are:

Acer palmatum varieties  
Actinidia kolomikta  
Astilbe varieties  
Aucuba japonica 'Variegata'  
Azalea - late varieties  
Hemerocallis - Repeat bloomers  
Hosta variegated leaf forms  
Hydrangea varieties  
Itea vir. 'Henry's Garnet'  
Juniperus chin. Old Gold  
Kalmia latifolia varieties  
Philadelphus Janet Reidy  
Potentilla Primrose Beauty  
Spiraea albiflorus

Our new crop is starting to come ready. Two year items are rooted and growing out of their spring shearing. If you need something just ask and we will check its status for you.

Fragrant, June blooming deciduous Azaleas are coming into flower making the Sales Yard smell wonderful. Try some.
