Evergreen and Deciduous Azaleas are budded, blooming, and looking great. This is the time of year for lots of color and our mix won't let you down.

Andromeda polifolia 'Blue Ice' and 'Breton Blue' are looking great right now. This low, spreading native is blooming now. The blue foliage adds interest all through the year.

Poliothyrsis sinensis - Chinese pearl bloom is a tree that very few people know. The white, fragrant, lacy panicles bloom in late summer. This is a tree that any collector would want to add to their garden.

May Deliveries

We will have frequent deliveries all month. If you get an order to us by 1:00 on Monday, we will deliver before the weekend.

The Alberta Spruce have beautiful bright green new growth on full, well shaped plants. All sizes look fantastic

Many of the varieties on this list are in short supply but worth listing. I have made note of how many we had when we counted earlier this week. Our sales yard opened on Monday, so some of those numbers in the Notes column may have changed. We are happy to check any item for you.
